By Charles M Fassett

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Handbook of Municipal Government This book, as is indicated by its title, is intended to be a handy volume containing the essential facts of the development and structure of city government, including an outline of some of the administrative processes through which democracy functions in municipal affairs, and some comment, criticism and opinion upon these facts and processes. It does not pretend to exhaustive treatment of the subject, nor to rival or supersede the more voluminous texts and treatises which are available to the student who may desire to make an intensive study. The effort has been to condense the material into a handy and readable volume without sacrifice of essentials. The book is the product of the author's long and varied experience as a public official, his interest in the growth of good citizenship, and his studies of the forms of government and the details of administration in many of our American cities.
