When teenager Danny Wiseman's butchered body is found in a squalid bedsit in South London, Hal and his team think they have a psychopath on the loose. When a second body is found - that of an ex-guard at Granton Young Offender Institution - Hal fears the worst. Is it a coincidence that Wiseman recently spent time at Granton, a place which has become a byword for corruption and scandal? Is Hal up against a former inmate's wrath, or something even more sinister? Soon enough, the case gets personal - and in more ways than one.
